Pursuant to Tennessee Rule 1200-1-11-.07(9)(c)(5)(ii), Olin is requesting a Class 2 Permit Modification for its Pond 1 Post-Closure Permit. The purpose of the permit modification is to remove the required annual Appendix IX analyses as well as removing the chloride monitoring associated with the inactive sites. Olin is also requesting a minor modification to the monitoring schedule of Pond 1 to reduce sampling frequency to two pairs of wells semi-annually for mercury and Trihalomethane (TTHM). The new frequency results in sampling all of the wells associated with Pond 1 every 18-months.

The modification is requested because the Appendix IX analyses, excluding Mercury and TTHM are considered to either be absent, or naturally occurring, and thus are not associated with the regulated unit. Currently, Olin samples for Mercury and TTHM on a semi annual basis.

Mercury and Chloride associated with the inactive sites are sampled on an annual basis. Because there is no groundwater protection standard for Chloride, Olin is requesting that Chloride be removed from the required monitoring schedule.

Pursuant to Tennessee Rule 1200-1-11-.07(9)(c)(5)(ii)(V), a 60-day comment period will start on 06-06-2007 and will end on 08-05-2007. Written comments should be submitted to: Charlie Burroughs, Tennessee Department of Environment and Conservation, Division of Solid Waste Management, 5th Floor L&C Tower, 401 Church Street, Nashville, TN 37243-1535.

Pursuant to Tennessee Rule 1200-1-11-.07(9)(c)(5)(ii)(IV), a public hearing will take place at the Cleveland Holiday Inn, 2400 Executive Park Drive, Cleveland, TN 37312 on 06-27-2007 at 4:00 PM.

The Olin contact for this permit modification is Chet Chiles 423-336-4411. The Department (TDEC) contact for this permit modification is Charles Burroughs 615-532-0863.

A complete copy of the modification request may be viewed and copied at the Cleveland Public Library, 795 Church Street. Open hours are Monday – Thursday 9:00 AM until 9:00 PM, Friday – Saturday 9:00 AM until 6:00 PM, Sunday 1:00 PM until 5:00 PM. The library is closed holidays.

The permittee's compliance history during the life of the permit being modified is available from the Department contact person.
